

Vet Deck, Small Animal Scale

Features

Construction— Carbon steel with non-skid surface protects animals and handlers from accident slips and falls. Adjustable foot pads allow scale to work effectively on uneven floors.

Overload Capacity— Capable of withstanding 1,500 pounds of weight without damaging the scale.

Easy Assembly— No installation costs. No moving parts that require maintenance or adjustment.

Junction Box— allows easy connection to one of three Salter Brecknell indicators.

Weight Sensor— The Vet Deck uses a patented load-cell technology with proven performance in the animal industry for more than 30 years.

Specifications

Capacity— 1,000 lbs
